AVG Internet Security 2012

AVG Anti-Virus 2012

Bank and shop safely

Keep your credit card details, passwords and private information safe while shopping, banking and transacting online.

Peace of mind

Surf and search confidently knowing sites and links are checked before you visit them. Stay protected while downloading your favourite music, photos and files.

High-speed performance

Speed up your online videos. Surf and search without interruption.

No interruptions

Avoid PC slowdowns with scans that work while you're away. Enjoy non-stop gaming action without annoying lags or freezes.

Complete protection

Protect your movies, music, and photos from hackers and identity thieves. Enjoy all the benefits of AVG Anti-Virus as well.

Social networking protection

Exchange links with friends and family safely on social networks like Facebook. Ensure online chats are kept safe from hackers and other threats.

Free local support by phone and email

Priority updates and upgrades for the term of your licence

1-year and 2-year licence options available

Also ideal for Small Business

Working from home, or in a non-server environment? AVG Internet Security is ideal for protecting your critical customer data, online transactions and email communications, and won't slow you down when working.
